

Technical Specifications

Maximum length
5.182 m (17')

Minimum length
1.219 m (4')

Required Power
230 V at 50 Hz

The Post weight
80 kg

Arm Weight
140 kg

Dolly weight
250 kg

Telescopic Arm Speed
1.5 m/s

Back length of the arm
1.463 m (4'8")

Telescopic range
4.572 m (15')

Loading capacity under-slung
60 kg/132 lb

Loading capacity over-slung
40 kg/88 lb

Total weight with all counter weight
900+ kg

- ▶ One year of on-site support.

India's First Telescopic Cinematic Camera Crane

RK Cinematics

We have started this Brand to meet the mechanical needs of the cinematic and related industry in India. We want to substitute the overvalued imported products with the larger mechanical instruments in film productions.

What we solved?

We are building high quality mechanical products like Telescopic Cinematic Cranes, Gimbles, Trolley etc. into cinematics segment to provide solutions and services in India whether, it can be used by Big Rental House of Mumbai or a Limited scale team of cinematographers who needs equipments to capture their best shots with cost effective and easy tool based solutions.

Shot with
telescope

Wide range
shot up to
75 meter

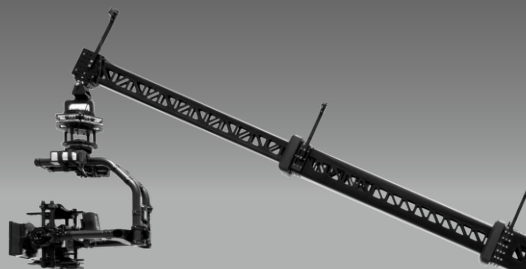

Easy to move
and install

Quick shot
with
auto-mode

Cost-Effective

Stabilized telescopic
arm motion

Electronic touch
screen controls

55 degree tilt motion

360 degree pan motion

Controllable electronics
telescopic arm range and speed

Features

Opportunity

We are targeting the Entertainment industry where cinematic tools are required for shooting at large scale with heavy equipments for mega outputs.
